

# Roller Skates

Samantha Jade

My baby's hands, are cold as ice  
He knows I'ma never come back home  
He knows that I, like rolling the dice  
Come run away with the girl with the roller skates

Wherever you will take me, let me dream don't wake me up  
I'll never, no never be alone  
So let me go, I close my eyes  
Nobody knows that I, been waiting for

Feeling, got me feeling right  
Feeling, got me feeling right  
Girl on the roller skates, you've got the taste of good  
Feeling, got me feeling right  
Girl on the roller skates, you've got me dancing all night  
I'm on my sweet escape, it got me feeling right  
Girl on the roller skates, you've got the taste of good  
Feeling, got me feeling right  
Feeling, got me feeling right  
Feeling, got me feeling right  
Girl on the roller skates, you've got the taste of good  
Feeling, got me feeling right  
Girl on the roller skates, you've got me dancing all night  
I'm on my sweet escape, it got me feeling right  
Girl on the roller skates, you've got the taste of good  
Feeling, got me feeling right

My daddy said, "It's time to grow up"  
He don't see that my heads up in the clouds  
And I don't care, I like to skydive  
Come fly away with the girl on the roller skates

Wherever you will take me, let me dream don't wake me up  
I'll never, no never be alone  
So let me go, I close my eyes  
Nobody knows that I, been waiting for

Feeling, got me feeling right  
Feeling, got me feeling right  
Girl on the roller skates, you've got the taste of good  
Feeling, got me feeling right  
Girl on the roller skates, you've got me dancing all night  
I'm on my sweet escape, it got me feeling right  
Girl on the roller skates, you've got the taste of good
