## **All Hell**

## Samhain

Walls start closing in around you My twins of evil They shake you by the collarbone Then snap your ribcage

And broken bodies in a death rock dance hall Please be my partner And eyeballs pop, accelerated blood beat Veins 'a' shaking

And all Hell breaks loose
Yea, evil is as evil does and who
Yeah, who but me could write this book of cruel

I send my murdergram to all the monster kids It comes right back to me And it's signed in their daddys' blood

And all Hell breaks loose
And my heart is breakin' loose
Yea, my whole world's breakin' loose
Yea, evil is as evil does and who
Yea, my whole world's breakin'

I send my murdergram to all the monster kids
It comes right back to me
And it's signed in their daddys' blood
And broken bodies in a death rock dance hall
Please be my partner
And eyeballs pop, accelerated blood beat
Veins 'a' shaking

And all Hell breaks loose
And my heart is breakin' loose
Yea, my whole world's breakin' loose
Yea, evil is as evil does and who
Yea, my whole world's breakin' loose

Breakin' loose, breakin' loose, breakin' loose Whole world's breakin' loose, breakin' loose Whole world's breakin' loose, breakin' loose Breakin' loose, breakin' loose, breakin' loose Breakin' loose, breakin' loose, breakin' loose

All my hell's breakin' loose
