

I Am Misery

Samhain

Your life caves in, and I am there
Pulling you back from the shoulders down
And though you suffer you will be mine
I always win I am misery
Oh

I make your pain and suffering infernal
Turn your body inside out
Put you past your breath and tears
When all your loss is misery
Oh

I give you a glimpse of hope in the darkness
Let you think that this will end
And then securely nestle on your neck
And drag you back to misery

(Oh) I love this place
(Oh) I love this fuckin' job
(Oh) I love this place
(Oh) I love to give you pain

I give you a glimpse of hope in the darkness
I'll let you think that this will end
And then securely nestle on your neck
I drag you back to misery

(Oh) I love this place
(Oh) I love this fuckin' job
(Oh) I love this place
(Oh) I love to give you pain
