## **Kiss Of Steel**

## Samhain

Car crash, the pressing of two lips Hard steel and an accidental death One action does you up Kiss of steel

Press your face to the metal crash Feel your nose and cheek bones crack What action does you up Kiss of steel

We sleep in a Rolls of love The waiting ecstacy We wait upon your speed Kiss of steel

We're having a love affair with a Chevy in midair Kiss of steel

We're having a love affair with a Chevy in midair Kiss of steel

Let the mouth taste the silver spread Let it ride and the rubber screech One shot will do them up Kiss of steel
