

All I Need

Sami Yusuf

You set me free
Helped me to see
Of every gift you gave to me
Your love is all I need
Your love is all I need

[Urdu]
Aye sanam noori
Oh my effulgent beloved

Tujse kaisee dooree
Why should there be a distance

Jene ko teree
To live all is sufficient

Roshanee zaroore
The need of your light

Please show me,
Your mercy

You can take the stars from the skies above
You can take the seas, the air I breathe, your love is all I need
You can take the sun, the earth beneath, 'cause you're the one I need
Your love is all I need

You spoke to me
Gave me belief
Surrounded in a world of greed
Your love is all I need

[Persian]
Lahseha paya pay
Moments, one after another

Tay mishe dama dam
Pass one by one

Mirese vakhte
Reaches the time

Didar kam kam, didar kam kam
To slowly meet, to slowly meet

Please show me
Your mercy

You can have the stars from the skies above
You can have the seas, the air I breathe, your love is all I need
Take away the sun, the earth beneath, your love is all I need
Your love is all I need

You set me free
Helped me to see
Of every gift you gave to me
Your love is all I need

Your love is all I need

[Turkish]
Vurgunum sana
Struck on you

Asla vazgeçmem
I would never give up (loving you)

Kalbimde sen varsin
You are the one in my heart

Askından dönmem
I can't turn away from your love

Asla terk etmem
Never could I abandon you

Please show me
Your mercy

You can have the stars from the skies above
You can have the seas, the air I breathe, your love is all I need
You can have the sun, the earth beneath, your love is all I need
Your love is all I need

Please show me, your mercy
Your love is all I need

Your love is all I need
'cause your love is all I need
To be all I can be
And I know that you can see
How much you mean to me
