

Sari Gelin

Sami Yusuf

I fight for a love
Knowing it can't be won
Sent from a light above
Child of our golden Sun
Sari Gelin

I reach for hands
Knowing they can't be held
Cursed by words I can't tell
Broken under your spell
Sari Gelin

And like a rose
Turning in to thorns
My love was taken
Back to the light above
What can I do, my love?
Child of our Golden Sun
Sari Gelin.

A beating drum
Searches on for your song
Echoes will carry on
Wondering where you've gone
Sari Gelin

Is that your voice
Caught in the mountain air?
Leading me to nowhere
Drifting in silent prayer
Sari Gelin

And like a rose
Turning in to thorns
My love was taken
Back to the light above
What can I do, my love?
Child of our Golden Sun
Sari Gelin

Saçın ucun hörməzlər Gülü sulu dərməzlər Sarı gəlin
Saçın ucun hörməzlər Gülü sulu dərməzlər Sarı gəlin

Bu sevda nə sevdadır Səni mənə verməzlər Neynim aman, aman Neynim aman,
aman Sarı gəlin

Back to the light above
What can I do, my love?
Child of our Golden Sun
Sari Gelin
