

Sympathy

Samiam

I wish I could be a part of your sadness
I wish I could cry for you
I hate to think of what you are going through
But, I've never known, I can't even sympathize

I can't even sympathize
I can't even sympathize
I can't even sympathize
I can't even sympathize

As I imitate your mood
I feel so callous, so hard inside
Because my eyes are dry
Because my eyes are dry
I feel so hard inside

And I can't even sympathize
I can't even sympathize
I can't even sympathize
I can't even sympathize

I just hope that it will be okay along the way
I just hope that it will be okay along the way
