

## Another Last Chance

Sammie

Baby, I'm tryna step to you and be a man about it  
And express myself, my pride just won't allow it  
Couldn't help it for (the life of me)  
Girl I was so (triflin')  
I can't believe the things I did to you  
I'm not here to say 'I'm sorry' over and over  
And I'm not gonna spit no game trying to get over  
Girl I'm at your mercy  
Do what you will with me  
Before you walk away, just listen

Wish I could press rewind and take away the pain  
If things were worth it then you wouldn't appreciate it  
What I'm about to (do for you)  
Throw myself off this (bridge for you)  
I'm tripping cause I'm about to (loose my boo)  
Girl I plea insanity

Baby, please forgive me  
For everything that I did  
I was acting just like a kid  
Baby, please forgive me  
I promise to tell the truth  
Girl I'm gone' do right by you  
Baby, please forgive me  
For not answering your call  
When I was out tryna ....  
Baby, please forgive me  
All I'm asking for, asking for  
Is another last chance

I know you said  
The last time we tried was the final time  
And if you don't believe me listen to my eyes  
How can I make you (understand)  
Baby Imma (changed man)  
It'll kill me if you tell me that (you're through)  
Been suffering and I can't take it no longer  
I can't be the dude who's watching you at the alter  
With another man to be  
When I know it should be me, hearing you say

Wish I could press rewind and take away the pain  
If things were worth it then you wouldn't appreciate it  
What I'm about to (do for you)  
Throw myself off this (bridge for you)  
Just cause I'm about to (loose my boo)  
Ooh, girl forgive me

Baby, please forgive me  
For everything that I did  
I was acting just like a kid  
Baby, please forgive me  
I promise to tell the truth  
Girl I'm gone' do right by you  
Baby, please forgive me  
For not answering your call

When I was out tryna ....  
Baby, please forgive me  
All I'm asking for, asking for  
Is another last chance

Girl I'm sorry  
For all the pain I sent your way baby  
Girl I'm sorry  
For sleepless nights The teary eyes I made  
Girl I'm sorry  
For not answering for not catching you when you'd fallen  
But I promise from this day on  
Imma be the man you need  
Baby Please,

Baby, please forgive me  
For everything that I did  
I was acting just like a kid
