

## Better Off

Sammie

Every time I turn around you  
All you wanna do is talk about, "Who is this?" and "Who is that?"  
No longer can I have patience for it  
Girl I swear, I can't ignore it  
Press rewind, I take it back  
You think you act better than me  
You think you so perfect than her  
You act like you never wrong  
You treat me so worthless  
You do that shit on purpose, yeah-yeah  
I think it's time we blow the candles out  
I think I'm better off

I can do bad all by myself, now I don't need no help  
I-I ain't really trippin', think I'm better off  
Been feeling like I'm on trial  
Who are you to judge? You can't even judge  
Think I'm better off, yeah-yeah we better off

I-I-I, girl-girl, I'm better off  
I think I'm better off, yeah-yeah  
I, I, I think I'm better off  
I think I'm, I, I-I-I think I'm  
I think I'm better off  
I, I, I think I'm

I tried to talk it out but, you'd rather walk it out girl  
What is that gon' solve? (What is that gon' solve?)  
You talk to your girls like that's my best friend  
Yeah go best friend, when they shouldn't be involved  
You think you act better than me  
You think you so perfect than her  
You act like you never wrong  
You treat me so worthless  
You do that shit on purpose, yeah-yeah  
I think it's time we blow the candles out  
I think I'm better off

I can do bad all by myself, now I don't need no help  
I-I ain't really trippin', think I'm better off  
Been feeling like I'm on trial  
Who are you to judge? You can't even judge  
Think I'm better off, yeah-yeah we better off

I-I-I, girl-girl, I'm better off  
I think I'm better off, yeah-yeah  
I, I, I think I'm better off (Oh)  
I think I'm (Do you think that I'm?)  
I, I-I-I think I'm (Yeah, yeah)  
I think I'm better off (I think, I think)  
I, I, I think I'm

And if I'm not baby, I hope that it's worth it  
And I hope that he treat you better  
And I hope that he love you better  
And I hope that you open up more when you take it all in  
Cause girl you deserve it

And I hope that it's perfect, yeah I hope that it's perfect  
I pray he don't lie, he don't cheat on you  
Cross my heart, hope to die, he don't cheat on you  
Cause we ain't been right since I - we ain't been right  
No, we ain't been right  
We ain't even friends no more  
Now we don't even talk no more  
Now we don't even vibe no more  
Now we don't even rock the boat  
Everything done stopped the flow  
I-I-I know you, I-I-I know you  
I know you're

Better off, yeah-yeah  
Yeah-yeah, yeah-yeah, yeah-yeah  
I, I think we're better off  
I, I know you, I know us  
I know we're better off, yeah-yeah  
Yeah-yeah, yeah
