

BETTER THAN GOOD ENOUGH

Sammie

I must be dreaming, somebody punch me
You babe shot my heart
See no one touch you, my best friend, my boo
Promise me that I'll give you my all

Girl, you change my world around
Used to be up in the club
Now all I wanna do is to cuddle you now
I'm so in love right now!
I don't even check my phone now
Nothing matters now!

I love you, I love you, I really, really love you
Na, na, na, na
Na, na, na, na
I love you, I love you, I really, really love you
Na, na, na, woa
Better than good enough, better than good enough
Na, na, na, na
Na, na, na, na
Better than good enough, better than good enough
Na, na, na, woa

Every breath I take, I'm grateful
Shout out to the love gods!
And when you sleep, you look like an angel
I would never break your heart!

Girl, you change my world around
Used to be up in the club
Now all I wanna do is to cuddle you now
I'm so in love right now!
I don't even check my phone now
Nothing matters now!

I love you, I love you, I really, really love you
Na, na, na, na
Na, na, na, na
I love you, I love you, I really, really love you
Na, na, na, woa
Better than good enough, better than good enough
Na, na, na, na
Na, na, na, na
Better than good enough, better than good enough
Na, na, na, woa

Look in my eyes, know they can't lie
Feel my heart, baby it needs you!
Shawty you're my air, my bride to die
When I inhale, darling I breathe you

Girl, you change my world around
Used to be up in the club
Now all I wanna do is to cuddle you now
I'm so in love right now!
I don't even check my phone now
Nothing matters now!

I love you, I love you, I really, really love you
Na, na, na, na
Na, na, na, na
I love you, I love you, I really, really love you
Na, na, na, woa
Better than good enough, better than good enough
Na, na, na, na
Na, na, na, na
Better than good enough, better than good enough
Na, na, na, woa
