

Maybe I should call her
I wonder would you answer is your number the same, yea
Do you ever think about us
Right now we should have kids and you sharing my name
What a shame

I lay awake at night
Tossing and turning babe
It seems like my mind just plays tricks on me, oh
My heart wants peace with my mind
I swear it's tug of war
Our past won't let me be

But what if I told you I've changed
Would you want me back
Would you take me back, hey baby
What if I told you I've changed
Would you love me back
Would you take me back, aye
I'm coming of age, oh
I'm coming of age, aye baby
I'm coming of age, oh
I'm coming of age

Baby I've changed
Girl and I've changed
If you were a flower you'd be a rose
And you survive in the of heat and snow
Baby I broke you and I know
Give us water and we'll grow
I believe in us
I believe in love
We got to let the sun in
Baby girl I coming
I'm coming of age
Baby don't turn the page, yea

I lay awake at night
Tossing and turning babe
It seems like my mind keep playing tricks on me, oh
My heart wants peace with my mind
I swear it's tug of war
Our past won't let me be, oh

What if I told you I've changed
Would you take me back
Would you want me back, hey babe
But what if I told you I've changed
Would you love me back
Would you take me back, aye baby
I'm coming of age, oh
I'm coming of age, oh
I'm coming of age, oh
I'm coming of age, aye baby

What if I've changed
Girl and I've changed

Baby I've changed
Baby I've
Girl I'm coming
I lay awake at night
Tossing and turning babe
But baby I've changed, oh
Baby I've changed
