

Face to Face

Sammie

(Well, how do you like it?)
I should've gotten back by now
I'm just starin' at my phone right now, yeah
What lie will I say? (I don't know)
What prayer will I pray? (I don't know)
To make it out this time (Goddamn)

I got lipstick on my collar, got her kisses on my neck
Got her fragrance all up on me, damn, I bet I smell like sex
Got her texts in my phone, damn, why can't I delete?
I mean 'cause even if I do that doesn't mean that I ain't cheat, oh no

I can't make it right 'cause I know I'm wrong
You deserve better than me (Much better than me)
Someone who gon' do what he say (Oh)
Somebody who says what they mean
I been lies true for way too long
I'm even tired of me
Girl, I've come face-to-face with my

Infidelity
Lord know I'm tryin', I'm always lyin'
It's like they come right out of me
Meanwhile, you're slowly dyin'
I'm starin' face-to-face with my
Infidelity
I know it
Infidelity
I know it, yeah

You should've up and packed by now
I know you're tired of waiting, pacing by your phone
Like, "Is he gon' check in? Why is he neglectin'? If you can't talk, then text, then"
Wonderin' who I'm sexin', I'm drivin' you crazy, baby (Oh, baby, yeah)

I can't make it right 'cause I know I'm wrong
You deserve better than me (Much better than me)
Someone who gon' do what he say (Oh)
Somebody who says what they mean
I been lies true for way too long
I'm even tired of me
Girl, I've come face-to-face with my

Infidelity
Lord know I'm tryin', I'm always lyin'
It's like they come right out of me
Meanwhile, you're slowly dyin'
I'm starin' face-to-face with my
Infidelity
I know it
Infidelity
I know it, yeah
