

Slow Down

Sammie

Aye, baby
I need you tonight, where you at?
I need you to help me forget
'Bout my past and my biggest regrets
I need you right now, where you at?
Aye, baby
Need for you to say its okay
Need for you to take it all away
All this pain baby, take it away
So hard to explain (Hard to explain)
Cause I been on the go, go girl
Carrying this load, load girl
Fucking all these cold-cold women in the fast lane
Livin' on the low, low girl
Cause I ain't even know the meaning
And it ain't even feel strange, strange, strange, no
Cause I ain't even know the meaning
And it ain't even feel strange
What a goddamn shame (whoop, whooop!)

Yeah I need to slow down, slow down
(Slow, slow, slow, slow, slow)
Yeah I need to slow down, slow down
(Slow, slow, slow, slow, slow)
Yeah I need to slow down, slow down
Been fucking all the cold-cold women in the fast lane, livin'
(whoop, whooop!)

Yeah I need to slow down, down
Yeah I need to slow down, down (Down)
Yeah I need to slow down, down (Down)
Been fucking all the cold-cold women in the fast lane
Yeah I need to slow down

When I need to talk, who gon' listen?
If I die tonight, who gon' miss me?
If I lost it
If I lost it all who gon' be here to tell me that nothing is different
This sentence is run-on but listen
The liquor don't work, I've been sippin'
I'm high off the purp, yeah I'm trippin'
I'm faded (Yeah, I'm faded)
Yeah, I'm faded (He faded)
Shit (Oh)
With success, I've lost all my friends (All my friends)
Who knows when my story gon' end?
If the world turn they back on me
Baby, I wonder if love will me back in
If I change for the better now
Maybe wipe all my bank accounts
Maybe then we'll be even
Forget girl, we even
Fuck fame girl, I'm clockin' out

Yeah I need to slow down, slow down
(Slow, slow, slow, slow, slow)
Yeah I need to slow down, slow down
(Slow, slow, slow, slow, slow)

Yeah I need to slow down, slow down
Been fucking all the cold-cold women in the fast lane, livin'
(whoop, whooop!)

Yeah I need to slow down, down
Yeah I need to slow down, down (Slow down, slow down)
Yeah I need to slow down, down (Slow down, yeah)
Been fucking all the cold-cold women in the fast lane
Yeah I need to slow down

When I need to talk, who gon' listen?
If I die tonight, who gon' miss me?
If I lost it, yeah yeah, yeah yeah
When I need to talk, who gon' listen?
If I die tonight, who gon' miss me?
If I lost it, yeah yeah
Ohh-ohh
