

# Stupid

Sammie

Yeah

You can catch me on the West Side rollin' (Rollin')  
Me and my girl broke up, no trollin' (Trollin')  
So a nigga gotta go through the motion  
'Bout to hit the club where the hoes be, oh  
I don't really smoke but, nigga, roll up (Roll up)  
I don't want to feel, 'bout to go up (Go up)  
Girl, you should've answered when I called

I'm about to sex away the hurt  
I'm about to drink away the pain  
Tonight I'm 'bout to go a little stupid  
Tonight I'm 'bout to do something I might regret  
Depending how I feel in the morning  
Girl, I just might do it all again  
I don't wanna feel like this (Ooh nah, baby)  
I don't wanna feel like this (I don't wanna, yeah)

Same story, I'm a mess right now  
I can't even flex right now (Whoa, nah)  
I ain't feelin' like myself right now  
I can't say it with my chest right now (Whoa, nah)  
Think about my girl with another man (Another man)  
That was never part of the damn plan  
Girl, you should've answered when I called

I'm about to sex away the hurt  
I'm about to drink away the pain (Pour me up, pour me up)  
Tonight I'm 'bout to go a little stupid  
Tonight I'm 'bout to do something I might regret  
Depending how I feel in the morning  
Girl, I just might do it all again  
I don't wanna feel like this (Oh, baby)  
I don't wanna feel like this (No, I don't wanna)
