

# These Women

Sammie

She told me she would never lie, never lie  
She a lady in her streets  
She would never ride that  
She would never lie  
She a lady in her streets  
She could never be attacked

These women be lying  
These women be lying  
These women be lying  
These women be lying

These women be lying  
These women be lying  
These women be lying  
These women be lying

She thought a nigga is low  
She thought a nigga is slow  
Like a nigga wasn't going to know

She told me  
She told me that I was the only  
But I ain't thru  
I had to keep my eyes open  
She tried to set me on  
I swear her pussy would get a nigga wild  
But a nigga never knew that a girl like her  
Would be a slut  
But you can't touch her butt  
She grows more than it looks

She told me she would never lie, never lie  
She a lady in her streets  
She would never ride that  
She would never lie  
She a lady in her streets  
She could never be attacked

These women be lying  
These women be lying  
These women be lying  
These women be lying

These women be lying  
These women be lying  
These women be lying  
These women be lying  
I don't trust them

In my city you're just another  
I know you're smarter  
Then I had to get her  
I thought I had her to myself  
She was playing with 2 niggaz at the same time  
She was the worst type of chick  
I ain't gonna lie about this

And I wish I never met her  
Straight up!  
Forget her!

These women be lying  
These women be lying  
These women be lying  
These women be lying

These women be lying  
These women be lying  
These women be lying  
These women be lying  
I don't trust them
