

All on Me

Sammy Adams

Yeah we don' taken 3 shots with no strike out
You know we come alive when the lights down
Swimming in these moments and we might drown
But it's all we know
Oh they say it's immature but we won't budge
Yeah with so much turning up they get starstruck
When they see us at the bar yeah it's on us
That's just how we roll

So if I got you and you got me
Well turn this night to a fantasy
All this love that could turn to green
We gon' spend this right
Yeah Yeah

Clock is ticking tryna take my youth away
My only worry is tomorrow when I feel
My age
Grab a seat baby tell me what you want to drink cause

Tonight it's all on me
Oh yeah
That's right it's all on me
Oh yeah
Yeah we gon' get right yeah we gon' get loose
You can bring a friend yeah I got them too
Yeah it's all on me
Yeah it's all on me

And I've been doing better if you can't tell
Music going never at a standstill
My girl in here she looking like a centerfold
I know they staring and I show her off to let 'em know
Yeah that's all mine (Hey)
I've been hoping that we all shine (Yeah)
And I ain't really got too much but
I got enough for tonight

So if I got you and you got me
Well turn this night to a fantasy
All this love that could turn to green
We gon' spend this right
Yeah Yeah

Clock is ticking tryna take my youth away
My only worry is tomorrow when I feel
My age
Grab a seat baby tell me what you want to drink cause
Tonight it's all on me
Oh yeah
That's right it's all on me
Oh yeah
Yeah we gon' get right yeah we gon' get loose
You can bring a friend yeah I got them too
Yeah it's all on me
Yeah it's all on me

I took 10 shots hit 'em all see
100 from the arc I need A/C
Jordan Belfort with the pink sheets
Smokin' on an O call me Winfrey
Yeah you get a car
You hit the mall
You hit the bar and it's all on me
Ain't trying ball don't get involved
They risk it all just for me and T
Ain't no cap on that
I be in the city switching gears to the top
Took it from a dorm room to a penthouse couldn't sell a show now they gotta
camp out
Working on her body just to get the dents out
Couldn't see the vision
But it makes sense now brand new whip getting faded in town (Right now)
If you didn't know well ya better know now
Hickey plus Wizzy and we get it no doubt
Tonight it's all on me

Oh yeah
That's right it's all on me
Oh yeah
Yeah we gon' get right yeah we gon' get loose
You can bring a friend yeah I got them too
Yeah it's all on me
