Sammy Adams

I got, gold chains, black car, rockstar, push start  
Bad bitch, I been there, I done that, checkmark  
Gold chains, black car, rockstar, push start  
Bad bitch (yeah), I been there (yeah), I done that (yeah), checkmark

I never sleep I  
Just left the crib in some creepers  
I made 200 off features  
If I didn't spit, then I'd probably be in FIFA  
Gettin' quick scripts, then I'm probably with the reaper  
Light the whole city on fire with the propane  
I be skippin' lines like I'm turnin' down cocaine (yuh)  
Rare these days, I don't care these days  
Ten years gettin' paid  
I don't play these games (nah)  
Everybody wanna live so fast  
Tell me, "Slow down", you can kiss my ass  
Ain't here for a long time  
Just a good time  
When I'm gone, you gon' miss my ass

I got, gold chains, black car, rockstar, push start

Never complacent, got a goalie mask like Jason  
Money is the only thing I'm chasing  
Drivin' in a circle, Nascar, racing  
Shoot two things: whiskey and racists  
Risky? I'll take it  
Kindly, whole squad behind me  
I don't keep shit PG like Kyrie  
Must be on some new shit now  
Musta forgotten how all the new shit sound (woo)  
Does it look like I care?  
My bad, forgot, you can't see me from there  
If I could describe it, I'm up in the air  
And I'm off of my shit but I hardly could care!

I got, gold chains, black car, rockstar, push start  
Bad bitch, I been there, I done that, checkmark
