

Stand Up

Sammy Hagar

Stand up and shout

Mmm, mmm

Mmm, mmm, yeah

Mmm, mmm

Mmm, mmm

You don't have to spend your life on the bottom

Staring at the shadows on the floor

We got the ultimate protection from the system

Just be yourself, don't hide it anymore, yeah

Stand up and shout (mmm)

Stand up and raise the cain, yeah

Stand up and shout (mmm)

Stand up, stand up, stand up

One of us will always be waiting

Open handed hearts shining through

Holy hands of love are still bleeding

They're bleeding for the love shining through

Stand up and shout (mmm)

Stand up and raise the cain, yeah

Stand up and shout (mmm)

Stand up and scream your name, yeah

Stand up and shout (mmm)

Stand up and shake your thing

Stand up and shout (mmm)

Stand up, stand up, stand up

Mmm, mmm

Mmm

Stand up and shout (mmm)

Stand up and raise the cain, yeah

Stand up and shout (mmm)

Stand up and scream your name, yeah

Stand up and shout (mmm)

Stand up and shake your thing, yeah

Stand up and shout (mmm)

Stand up, stand up, stand up

Stand up

Stand up, yeah

Stand up

Stand up
