

## Audience of One

Sanctus Real

Lord you see every part of me  
I'm tired of feeling underground  
It's time to take this inside...  
And all my insecurity  
It always gets the best of me, now

You and I will be alright  
If there's nothing more to come  
'cause Lord I know I sing tonight  
For an audience of one

There's something new inside of me  
I'm overwhelmed by what I've found  
Time to take this inside...  
And all my insecurity  
I won't let it get the best of me, now

Time to turn this thing around  
It's time to turn this thing around

Far from these ordinary ways I'll stay  
So far from these ordinary ways I'll stay
