

Same God

Sanctus Real

There's no other reason
No other rhyme
Nothing but this for which we fight
All for the One who gives us life
No other purpose
No other pledge
Nobody else has conquered death
Under this banner we are united by the same love

Same life, giving us a reason
Same love, giving us freedom
Same God, that we believe in
Same way, leading us to heaven
Same hope, holding us together
Same God, always forever

Every thread
Weaving through time
Slowly revealing the great design
Until we see the Kingdom forever united by the same love

They will know we are one
By our love
By our love
