## **Long Live Love**

## Sandie Shaw

Venus must have heard my plea She has sent someone along for me

I have waited a long, long time For somebody to call mine And at last, he's come along Baby, oh nothing can go wrong

We meet every night at eight
And I don't get home 'till late
I say to myself each day
Baby, oh long, long live love
Hmmmm...

True love: must be the greatest thing I know now why singers sing
Of the moon and stars above
How I love to be in love

We meet every night at eight
And I don't get home 'till late
I say to myself each day
Baby, oh long, long live love
Hmmm...

Now of one thing I'm more than sure Since love come, I don't want more Than to kiss him every night Makes everything alright

We meet every night at eight
And I don't get home 'till late
I say to myself each day
Baby, oh long, long live love
Hmmmm...

We meet every night at eight And I don't get home 'till late I say to myself each day Baby oh long long live love Hmmmm...

Long, long live love
