

# You've Not Changed

Sandie Shaw

Hey! How have ya been?  
Long time no see  
Say you're looking good  
Fine as fine could be

I do like your hair  
And the clothes you wear  
But if you wore rags  
You'd still look good to me

(I've missed you)  
You've not changed a bit my love  
(I've missed you)  
You've not changed at all

Strange, meeting you here  
It was only last year  
That we met here  
And that was by chance too

I've been here each day  
Since you went away  
Hoping we'd meet again  
I can't believe it's you

(I've missed you)  
You've not changed a bit my love  
(I've missed you)  
You've not changed at all

I still don't know why  
There was no goodbye  
You just disappeared  
I did not understand

Seems so long ago  
I still love you so  
Now I must be going  
Keep all of my plans

(I've missed you)  
You've not changed a bit my love  
(I've missed you)  
You've not changed at all

(I've missed you)  
You've not changed a bit my love  
(I've missed you)  
You've not changed at all
