

## Sleep

Sandra

I know it's late  
I shouldn't call at this hour  
but it's my fate  
I need lips to devour

my nervous system is shot alright  
I won't sleep unless you  
sleep with me tonight  
deep with me tonight

I know it's late  
we've known each other a while  
I can't wait  
to see your twisted smile

kindred spirit of candle light  
I won't sleep unless you  
sleep with me tonight  
deep with me tonight

and my thought see my saint  
I'm so tired but I faint  
sleep with me tonight  
(sleep with me tonight)  
sleep with me tonight  
(sleep with me tonight)

sleep with me tonight  
deep with me tonight  
(sleep with me tonight)  
sleep with me tonight  
deep with me tonight  
(sleep with me tonight)...
