

Bonafide Heroes

Santa Cruz

Hey!
Put your middle-fingers up
And raise your fuckin' hands in the air
Fuck yeah!
C'mon and join the club
Say goodbye to your vanity fair

Scream your lungs out now
Hey!
We will never bow
Scream your lungs out now
We just need bonafide heroes

I believe, I believe I can fly
We just need bonafide heroes
I believe, I believe I can fly
We just need bonafide heroes

Hey!
Petty morals out the door
We are livin' for the kicks today
Break free!
Crash your windows and roar
Tell your momma it's time to play

Scream your lungs out now
We just need bonafide heroes

I believe, I believe I can fly
We just need bonafide heroes
I believe, I believe I can fly
We just need bonafide heroes
We all need bonafide heroes
We all need bonafide heroes

We just need bonafide heroes
We all need bonafide heroes
We just need bonafide heroes
