

Practice What You Preach

Santana

What's wrong with you?
Can't you live by the way you preach?
And change every time to see someone
You forget about the things you need

But I know from just bein' around
It's easy to go downhill
Starting from today
I'll seek only my Lord's way

So I'll be happy
Free and unafraid from today, yeah

I know from just bein' around
It's easy to go downhill
Starting from today
I'll seek only my Lord's way

So I'll be happy
Free and unafraid from today, yeah
