

# Bottle It Up

Sara Bareilles

There'll be girls across the nation  
That will eat this up babe  
I know that it's your soul but could you bottle it up and  
Get down to the heart of it,  
No it's my heart you're shit out of your luck  
Don't make me tell you again my love love love love.  
Love love love love.

I am aiming to be somebody this somebody trusts  
With her delicate soul  
I don't claim to know much except soon as you start  
To make room for the parts  
That aren't you it gets harder to bloom in a garden of  
Love love love love  
Love Love love love

Only thing I ever could need, only one good thing  
Worth trying to be and it's

Love  
Love  
Love  
Love  
I do it for Love  
Love  
Love  
Love

We can understand the sentiment you're saying to us  
Oh,  
But sensible sells so could you kindly shut up  
And get started  
At keeping your part of the bargain aw please  
Little darlin'  
You're killing me sweetly with love love love love  
Love love love love

Only thing I ever could need only one good thing  
Worth trying to be

Love  
Love  
Love  
Love  
I do it for Love  
Love  
Love  
Love

Started as a flicker meant to be a flame  
Skin has gotten thicker but it burns the same  
Still a baby in a cradle got to take my first fall  
Baby's getting next to nowhere with her back  
Against the wall.  
You meant to make me happy make me sad.  
Want to make it better better so bad.  
But save your resolutions for your never new year

There is only one solution I can see here.

Love you're all I ever could need only one good thing  
Worth trying to be and it's

Love

Love

Love

Love

I do it for love, love, love, love

Oh, only gonna get get what you give away,

So give love, love

Only gonna get get what you give away

Love.
