

# Miracle

Sara Groves

Lay down your arms  
Give up the fight  
Quiet our hearts for a little while

Things have been spoken  
Shouldn't be said  
Rattles around in our hearts and our heads

Let's feel what we cannot feel  
Know what we cannot know  
Let's heal where we couldn't heal  
Oh, it's a miracle, it's a miracle

Things have been spoken  
Shouldn't be said  
Rattles around in our hearts and our heads

Let's feel what we cannot feel  
Know what we cannot know  
Let's heal where we couldn't heal  
Oh, it's a miracle, love is a miracle

Let's feel what we cannot feel  
Know what we cannot know  
Let's heal where we couldn't heal  
Oh, it's a miracle

Let's say what we cannot say  
Let's see what we cannot not see  
Let's hear what we could not hear  
Oh it's a mystery, love is a mystery  
Oh it's a miracle, it's a miracle  
Let's be a miracle
