

Cold In California

Sara Haze

There's no ice on the ocean
As the waves crash on my feet
No chill in the atmosphere
Like you said there'd be
No frozen highway
Don't need the chains you left for me
Cuz there's no truth in your forecast
About the day that you would leave
Cuz It's never COLD IN CALIFORNIA
There's always someone here
To tell you that they love you
When others disappear
It's never COLD IN CALIFORNIA
Cause I'm still here -
I'm still here
I don't need a weatherman
To warn me of the storm
Cuz I felt it growing closer
In the calm right before
And as the clouds are filling up the sky
The rain feels warm to me
Cuz It's never COLD IN CALIFORNIA
There's always someone here
To tell you that they love you
When others disappear
It's never COLD IN CALIFORNIA
Cause I'm still here
I'm still here
If the seasons pass
And nothing lasts
And your world turns dark and blue
Know the sun is always shining here for you
Cuz It's never COLD IN CALIFORNIA
There's always someone here
To tell you that they love you
When others disappear
It's never COLD IN CALIFORNIA
There's always someone here
To tell you that they love you
And I won't disappear
It's never COLD IN CALIFORNIA
Cause I'm still here
I'm still here
I'm still here
