

My Addiction

Sara Haze

I want you so bad
I'm Shaking
You're like a needle
underneath my skin
but I won't let my hunger for
you
pull me back again
Wrapped up in you
I lost myself
Could've seen how I needed some
help
guess the fear of leaving made
me stay

I'm so sick of trying
Praying that you'll change
Of walking the line
Between pleasure and pain
I got nothing left
I gave all of me
It hurts so bad
I can barely breathe
Gotta save me
From my addiction
woah oh Oh oh

You were my strongest weakness
Took advantage of my love
You used me over and over
Till you used me up

I'm so sick of trying
Praying that you'll change
Of walkin the line
Between pleasure and pain
I got nothing left
I gave all of me
It hurts so bad
I can barely breathe
Gotta save me
From my addiction
Woah oh Oh oh

I gave it away
I gave it away
I gave it all away
I gave it away
I gave it away
Gave it away to you

I'm so sick of trying
Praying that you'll change
Of walking the line
Between pleasure and pain
I'm so sick of crying
On the bathroom floor
Don't wanna want you

Anymore
I got nothing left
I gave all of me
It hurts so bad
I can barely breathe
Gotta save me
From my addiction
