

# Way Round

Sarah Blackwood

pickin' up the pieces  
that've been lost along the way  
keepin' all eyes open  
tryin' to seize another day  
well I promise you my darling  
life won't always be so strained  
we'll find our way round way round  
after goin' way down way down

it must be a long way to there  
and I wanna go there with you  
we'll take all the roads till we get there  
can't wait to be there with you

no it can't get better  
till it's worse they always say  
so darling when we lose our minds  
just know that it's ok  
got hopes upon a place  
where they got sunshine everyday  
we'll find our way round way round  
after goin' way down way down

it must be a long way to there  
and I wana go there with you  
we'll take all the roads till we get there  
can't wait to be there with you

all I want is to die happy  
I wanna know that I did it all  
all that I could  
I wanna look back with a million stories  
and when I die then  
I wanna know it ain't really the end

it must be a long way to there  
and I wanna go there with you  
we'll take all the roads till we get there  
can't wait to be there with you

it must be a long way to there  
and I wanna go there with you  
we'll take all the roads till we get there  
can't wait to be there with you
