

As Ever

Sarah Jaffe

The internet is killing me
Slowly but surely
Surfing the web, web of defeat
Lonely as ever

Don't forget how to be
In public, Sarah
Don't forget we're a team
Lonely as ever

Phone in my hand, I'm losing sleep
Minutes to hours
Stuck in a daze, stuck in defeat
Searching for power

Don't forget how to be
In public, Sarah
Don't forget we're a team
Lonely as ever

Don't forget
Don't forget
Don't forget
Lonely as ever
Don't forget
Lonely as ever
Lonely as ever
Lonely as ever
Lonely as ever
