

## Fatalist

Sarah Jaffe

These are the same thoughts that I had yesterday  
Oh lady, lady  
Creature of habit  
Then swiftly becomes it

Either we'll die, we'll die, we'll die, we'll die  
Without a conscience  
Either we'll die, we'll die, we'll die, we'll die  
From the obvious

Put me to shame  
Put me in my place  
Oh lady, lady  
Creature of habit  
Then swiftly becomes it

Either we'll die, we'll die, we'll die, we'll die  
Without a conscience  
Either we'll die, we'll die, we'll die, we'll die  
From the obvious
