

## Nurture It

Sarah Jaffe

Many men will harbor  
though your heart beats free  
don't turn 'round my lover  
revert your eyes to me

Let me tell you what to do  
let me make a joke or two  
what a complicated smile  
let's look after it  
we'll nurture it

Let me tell you what to do  
let me make a joke or two  
what a complicated smile  
let's look after it  
we'll nurture it
