

Staying up late on my own
Laughing out loud on my own
Jack off then have a snack
Watch the whole season never look back

How does everyone not live alone?
How does everyone not live alone?
I hate it when you're gone
Circle back to square one
How does everyone not live alone?

Live alone, live alone, live alone, live alone
Live alone, live alone, live alone, live alone
Live alone, live alone, live alone, live alone
Live alone, live alone, live alone, live alone
...
