

One Hit One Wonder

Sarah Jaffe

Yeah yeah

I had this feeling that I had pent up on the inside
The floor to the ceiling had my body reeling that's why
I go

Hot then cold pull me close
My temperature rising I go
Hot then cold (yeah yeah) pull me close
My temperature rising

I say gimme gimme your touch
You're getting warmer
One hit, one wonder
One hit, one wonder
One hit, one wonder

One hit, one wonder
One hit, one wonder
You're my

It's a look that you give me I see it deep in your eyes
Like a force of nature that I'm too weak to deny
If my body language is your consolation to pass the time
Let's put it in motion I'm secretly hoping that's why
I go

Hot then cold (yeah yeah) pull me close
My temperature rising (oh)

I say gimme gimme your touch (gimme gimme your touch)
You're getting warmer
One hit, one wonder
One hit, one wonder
One hit, one wonder
You're my
One hit, one wonder
One hit, one wonder
One hit, one wonder
You're my
One hit, one wonder
One hit, one wonder
One hit, one wonder
You're my
One hit, one wonder
One hit, one wonder
One hit, one wonder
You're my

Give me your touch (oh) (yeah yeah)
Give me your touch

One hit, one wonder
One hit, one wonder
One hit, one wonder
You're my
One hit, one wonder (gimme your touch)

One hit, one wonder (gimme your touch)
One hit, one wonder
You're my
One hit, one wonder (gimme your touch)
One hit, one wonder (gimme your touch)
One hit, one wonder
You're my
One hit, one wonder (gimme your touch)
One hit, one wonder (gimme your touch)
One hit, one wonder
You're my

Give me your touch
You're getting warmer (yeah yeah)
