

## Slow Pour

Sarah Jaffe

Caramel

That's how you stick to me

Your words are soft and sweet and warm

The winter was long and it stayed inside of me

Thinking too much about, thinking too much about myself

Caramel, slow pour

Service me

Kick me out of the bar

Caramel

It's hard to tell

Finish what's left of me

Your words still soft and sweet and warm

The winter long gone but it stayed inside of me

Thinking too much about, thinking too much about myself

Caramel, slow pour

Service me

Kick me out of the bar
