

Small Talk

Sarah Jaffe

Let's skip

I'm not in a hurry but I don't have the time
I'm feeling your energy, I know you're feeling mine
I used to play those games but I won't play them anymore
So can we skip the formality, I

Had it up to here
Had it up to here, girl
Had it up to here
Lemme whisper in your ear girl
I know what I like
I don't wanna wait

Let's skip the small talk baby
Let's skip
Let's skip the small talk
Let's skip
Let's skip the small talk baby
Let's skip
Let's skip the small talk
Let's skip

Spent too much time stressing, too many tears cried
You wanna be close to me, I'm reading all the signs
It's safe to say that I'm not like before
So can we skip the formalities, I

Had it up to here
Had it up to here, girl
Had it up to here
Lemme whisper in your ear girl
I know what I like
I don't wanna wait

Let's skip the small talk baby
Let's skip
Let's skip the small talk
Let's skip
Let's skip the small talk baby
Let's skip
Let's skip the small talk
Let's skip

Let's skip the small talk baby
Let's skip the small talk
Let's skip
Let's skip the small talk baby
Let's skip
Let's skip the small talk
Let's skip

I know what I like
I don't wanna wait
