

Everything To Hide

Sarah Jarosz

I wanna step right out and tell you
But I know it's not allowed
Truth is you're all that I can see
In the middle of this crowd

I wanna tell you that I'm thankful
For your fingers on those strings
Wanna whisper low into your ear
All these forbidden things

But I'll stand right here and hold my tongue
For all I know I'm the only one
But do you feel this undercurrent
And the changing of the tides
When I'm with you, baby
We've got everything to hide

When I'm running out of time
Is when I wanna do it all
When you're running through my mind
Is when I wanna hear you call

Well, you're always running through my mind
So why don't you call now
It ain't right but it feels good
Let's do this anyhow

But I'll stand right here and hold my tongue
For all I know I'm the only one
But do you feel this undercurrent
And the pulling of the tides
When I'm with you, baby
We've got everything to hide

Well I never really thought
That I could be a child of sin
Now here I come confessing
Of these childish hopes within

But you say hope is always there
So what's a girl to do
I should quit while I'm ahead
But ain't through with you

I guess I'll stand right here and hold my tongue
Maybe I'm not the only one
'Cause do you feel this undercurrent
And the changing of the tides
When I'm with you, baby
We've got everything to hide

So pour another, baby
We've got everything to hide
