

Here Nor There

Sarah Jarosz

When I ventured here
Truth was far not near
So I traveled on
Truth revealed in song

I was here nor there
Always asking where
So I took my time
My heart for me to find

As I made my way
Through long and winding days
I came upon your heart beating rhythms that challenged the deep
est sea's waves
I could not look away

You were here nor there
Always asking where
So you took your time
You're hard for me to find

When I ventured here
Truth was far not near
So I traveled on
Truth revealed in song
