

Girls Hating Girls

Sarah Slean

you don't really wanna know me, do ya?
no, you'd rather overthrow me, it's alright
I can see it in your mannered lack of manners
thirty-something can be one big high school,
I knew that before I came here, but tonight I don't
care.
line 'em up,
line 'em up
Knock 'em down, knock 'em down
The words we use to light the fuse
Girls Hating Girls
line 'em up,
line 'em up
Knock 'em down, knock 'em down
I've seen your kind a thousand times
Girls Hating Girls
all the ones who wanna tear you down are
always coulda woulda should haves, it's alright
I don't blame you for the mannered lack of manners
but I'm not in the demolition business
so you take your party elsewhere 'cause tonight I
don't care!
when you've got lovely friends like these
I ask you who needs enemies
you shoot to kill I aim to please
line 'em up,
line 'em up
Knock 'em down, knock 'em down
The words we use to light the fuse
Girls Hating Girls
line 'em up,
line 'em up
Knock 'em down, knock 'em down
I've seen your kind a thousand times
Girls Hating Girls
a game, a crime, a waste of time
Girls Hating Girls
