

I Am A Light

Sarah Slean

all are deserving of
this love so great great great
it's inexhaustible
so give it all away
and don't ask anymore
what is my way way way?
you are a miracle
so let it play play play
I am a light
I am a light
a light a light a light
there is no hurry now
I take it slow - ow - ow
I don't need anything
I am the one I love
but it's hilarious
'cause all the while-ile-ile
all I can dream about
is how to make you smile
I am a light
I am a light
a light a light a light
the source of everything
is in our eye-eye-eyes
I see the good in yours
seeing the good in mine
I am a light
I am a light
a light a light a light
