

Mourning

Sarah Slean

Fading into
The morning leaves you
Total regress,
She put on my dress
And walked right out into the day,
Walk right out into the day

It isn't so bad,
Shouldn't be so sad,
Another morning,
And i'm still mourning
Walk right out into the day,
Walk right out into the day,
Walk right out...

You're still in my bed,
And i still feel your breath on the back of my neck....

You left too soon
Why'd god take you?
Leave me alone,
Put on my coat,
And walk right out into the day,
Walk right out into the day,
Walk right out....
