

Somebody's Arms

Sarah Slean

Old record playing on my own radio
And I know it's time to go
Get up and out of this black hole

I gotta get it right
I gotta quit these drugs
I gotta get inside
Somebody's arms
Tonight

Can't remember who I was before
Tonight
Oh my heart is halfway out the door
Tonight

Sweet city come on give me a handful of stars
I'm ready for the midnight show

I'm gonna light a fire
On the street I love
I'm gonna get inside
Somebody's arms
Tonight

Can't remember who I was before
Tonight
My heart is halfway out the door
Tonight

I gotta get it right
I'm gonna quit these drugs
I'm gonna get inside
Somebody's arms
Tonight

Can't remember who I was before
Tonight
Oh my heart is halfway out
My heart is halfway out the door

Tonight

Can't remember who I was before
