

True Love Is Tough

Sarah

You've got no
You've got no chance to prove it all
I've got no
I've got no chance to give it all
Chance to give it all
True love is tough
Cause I can't get enough
And it drives me wild sometimes
True love is tough
Cause when I have enough
It makes me blind all the time
You wonder
You wonder why it's been so hard
I guess I need some time to learn
Need some time to learn

True love is tough
Cause I can't get enough
And it drives me wild sometimes
True love is tough
Cause when I have enough
It makes me blind all the time
I wanna give it some time
But now it hurts
And if I give you a sign
Would you still be there for me
Still be there for me
True love is tough
Cause I can't get enough
And it drives me wild sometimes
True love is tough
Cause when I have enough
It makes me blind all the time
