

# The Summoning

Sarea

End all living and break this world  
A pattern of destruction  
Seek the cure to what the plague has caused  
Diseased in time

On and on, forevermore  
We will damn  
On and on, forevermore

We're the summoning, order of doom  
We're the summoning, hands of fate

Raised on disrespect of all alive  
We ignore  
Summon up to strike at last  
It's the epoch armageddon

On and on, forevermore  
We will damn  
On and on, forevermore

We're the summoning, order of doom  
We're the summoning, hands of fate

Boundaries in stupidity never existed  
Ignorance's our call  
Shameless and careless  
We gaze at the nightfall
