

## Stay

Sash!

I had a dream last night  
You were there  
You held my hand so tight  
I thought I'd just die  
Do you remember?  
When we use to have  
So much fun  
I used to cry sometimes  
Those days are gone  
Did you remember?

(Do you re...?)  
I wanna go back to  
Back to the days  
When I needed  
A little more fun  
When I believed I  
I believed I  
Could fly so high  
Through the clouds

Tear down these walls  
If just for one day  
Tear down these walls  
I need you to stay  
Stay.

Turning back time to  
Times we made love  
All day,  
Under the sun  
When I believed I  
I believed I  
Could fly so high  
Through the clouds

Tear down these walls  
If just for one day  
Tear down these walls  
I need you to stay  
Stay.
