It doesn't matter what they say You do your own thing anyway even though you contradict yourself if you need some help it's okay

A little envy brings you doubt just eat it up and spit it out no need to make a compromise if you realize that you're strong enough, oh

There's nothing better than a heartbeat over mind

Shout it from the rooftop here I go beating on the back door of your soul walking on a tightrope don't you know takes you higher, takes you higher

Dancing on the sidewalk
letting go
jumping on a fast train
nice and slow
surfing on a backbeat
no control
takes you higher, takes you higher

It doesn't matter what you do it's only someones point of view there doesn't have to be an alibi when you wanna cry ¡®cause you're blue

to spend a little ain't no crime please yourself from time to time we all get caught out in the pouring rain we get wet the same does it matter, no, no

There ain't nothing better than a heartbeat over mind

Shout it from the rooftop here I go beating on the back door of your soul walking on a tightrope don't you know takes you higher, takes you higher

Dancing on the sidewalk letting go jumping on a fast train nice and slow

surfing on a backbeat

no control takes you higher, takes you higher

C-Part
You hide behind feelings
what's that all about
no need to hold it back
gonna shout it out, shout it out
