

A Bit Of Hell

Satan Takes a Holiday

I wanna move you to the backseat
Baby come on
I wanna give you a bit of hell
Cause that's where you're going
I wanna move you to the backseat

I'm gonna give you a run
I wanna give it to you

I wanna stare at the sun
I wanna howl at the moon

Come on get your body in sync
I wanna lead you in a groove

I wanna move you to the backseat
Baby come on
I wanna give you a bit of hell
Cause that's where you're going
I wanna move you to the backseat
Baby come on

I'm gonna bring you a gun
I'm gonna give it to you

I'm gonna talk to you softly
Gonna make you choose

Come on get your butt in the blitz
It's gonna shake you to the bone

I wanna move you to the backseat
Baby come on
I wanna give you a bit of hell
Cause that's where you're going
I wanna move you to the backseat
Baby come on
