

# Murky Waters

Saturnus

Murky waters live in my eyes  
Within my restless nights  
Begging the spring rain to fall  
Escape these murky waters  
Make you remove this blinding pain  
And my cliffhigh prison  
This is the growing vision  
Murky waters

Waves of my crippled heart  
That rests beneath, dead and dark

But nothing will ever remove this certain pain  
Nothing will ever softend me  
Make the spring rain fall Blend these murky waters

Murky waters live in my eyes  
Within my restless nights  
Begging the spring rain to fall  
Escape these murky waters  
Make you remove this blinding pain  
And my cliffhigh prison  
This is the growing vision  
Murky waters

(Please) Calm my cries
