

# They Don't Know

Savage

The neighborhood dudes think I'm no go  
But, they don't know  
Girls at school think you is a fool  
But, they don't know  
I could be yours, but -  
They'll never know  
They can think whatever they like  
But I want you to know

You gotta tell me straight - are the rumors true?  
Did you really do them things that you use to?  
'Cause the girls at school say that I'm a fool  
And they don't understand what I see in you  
When I, don't know why they're bugging me  
And they, always start tripping when you're hugging me  
But I, really think you're lovely  
And I guess they can't get enough of me  
And I'm sick of she say, he say shit  
What you done, where you been and who you with  
These girls ain't my friends, they just like to shine  
All of a sudden they jealous 'cause I made you mine

The neighborhood dudes think I'm no go  
But, they don't know  
Girls at school think you is a fool  
But, they don't know  
I could be yours, but -  
They'll never know  
They can think whatever they like  
But I want you to know

Now here goes Charlie talking shit  
Telling all the boys you was all his chick  
Now I don't wanna resort to this  
If I have to Charlie will be falling quick  
And I don't understand why they all keep bugging  
I walk in the room nobody ain't say nothing  
They always calling when they see you out clubbing  
(Savage I think your girl was getting up to something)  
Huh, yo that can't be true, now you wouldn't be lying  
To my face now would you  
Besides she was out with my sister  
And they both told me you was tryna kick it with her  
Friends how many of us have them  
Right before the time when they start back stabbing, huh  
Never mind they all of that  
Now can you please, can you please give it up for Savage

The neighborhood dudes think I'm no go  
But, they don't know  
Girls at school think you is a fool  
But, they don't know  
I could be yours, but -  
They'll never know  
They can think whatever they like  
But I want you to know

They don't know, no-no, no they don't even know  
We got this good thing goin' on  
From the streets to the room  
From the streets to the room  
My steez for you and that's  
What I want you to know

The neighborhood dudes think I'm no go  
But, they don't know  
Girls at school think you is a fool  
But, they don't know  
I could be yours, but  
They'll never know  
They can think whatever they like  
But I want you to know [x2]
